

What you will gain from this ground-breaking event:

"Embracing Traditional Chinese Medicine is fundamental to the success of naturopathy in the future. It can return us to that original spirit of naturopathy. We haven't had the opportunity to embrace a new paradigm since homeopathy. Prescribing the traditional formulas found in Black Pearl using tongue and pulse diagnosis can provide swift and lasting results in chronic diseases."

Paul Callinan M.Sc., N.D., D.Hom., Naturopath, researcher

How you can enhance your prescribing using the Black Pearl® range of prepared Chinese herbal medicines. Diagnose and prescribe using these time honored gems, simply and effectively, with no prior knowledge of TCM required.

With the Sun Herbs Black Pearl range available as practitioner only product, the major obstacle to their wider naturopathic use has been the lack of a training course. The only way to learn their use has been to study a full TCM course starting at the undergraduate level... up until now!

Paul Callinan M.Sc. N.D. D.Hom, a naturopath of over 30 year's experience, has specialised in researching and teaching various aspects of natural medicine. He has now designed a 5 part Seminar series to teach Naturopaths and other Health Care Professionals the elements of Chinese medicine necessary to enable competent prescribing of the Sun Herbal Black Pearl herbal medicine range. "This range is brilliant" Paul said, "Now I can see why TCM practitioners are so dedicated." The Black Pearls are a comprehensive range of traditional Chinese herbal medicine formulas, presented as the familiar small black pills. They work fast, are inexpensive, easy to stock, and have excellent patient compliance and are all TGA listed.

The Seminar series will include tongue and pulse diagnosis, as well as the basic elements of Chinese medicine and Chinese nutrition for accurate prescribing. "Chinese medicine at your fingertips" says Paul, "suddenly we have a range of nearly 100 traditional Chinese herbal formulas available as practitioner only product.

Paul has noted that in the twelve months or so that he has been using the Black Pearls he has seen particular success in menopausal problems, hypertension, fatigue, reflux, anxiety and depression, and is using nearly all the range of 86 formulas. The patents are well suited to common disorders such as anxiety, depression, menstrual disorders, digestive disorders, fatigue etc and generally combine well with existing naturopathic nutritionals and homeopathic medicines.

"You can't mess with these formulas" says Paul "They are using over 1000 years of accumulated experience", covering a wide range of disorders often hard to approach using our Western biomedical training. They represent a new paradigm in treatment, based on the more vitalist Chinese view. Paul will also be writing a Black Pearl column in our Newsletter.

Run over a series of 5 Saturdays (9-5pm) the dates for NSW in 2010 are

SYDNEY: Feb 20 - Apr 17 - May 22 - Aug 21 – Sep 25

BYRON BAY: Feb 6 - Mar 20 - Jun 19 - Jul 31 - Oct 23
